PROTECT

LABEL INSTRUCTIONS

Product Description & Directions for Use:

A multi-purpose bactericidal cleaner with wide spectrum anti-bacterial properties. Protect contains a powerful disinfectant blend of Dialkyl-Quats and Benzalkonium-Quats and a pleasant fresh fragrance deodoriser. Protect is suitable for use on floors and washable surfaces.

Always pre-test surface to be treated for suitability before proceeding.
Heavily soiled surfaces should be rinsed clean before disinfection.
Solutions should always be freshly prepared. Do not mix with other detergents, which may lead to de-activation of the disinfectant in Protect.
Standard solution - dilute 50ml. Protect per litre of warm to hot water (1 to 20).
Gross contamination - dilute 100ml. Protect per litre of warm to hot water (1 to 10).
Apply solutions by sponge, mop or sprayer and wipe surface clean.

Do not mix Protect with other cleaning agents.
