## Infection Control

The Prochem range of professional cleaning and restoration products incorporates a selection of chemical solutions and equipment suitable for sanitising hard surfaces, carpet and fabrics. These are available through our comprehensive distributor network or can be ordered online at [www.prochem.co.uk](http://www.prochem.co.uk)  
Please contact our sales office for more details – 020 8974 1515 or [sales@prochem.co.uk](mailto:sales@prochem.co.uk)

### D500 MICROSAN® – 5L & 1L

Multi-surface biocidal cleaner for hard surfaces, floors, carpets and upholstery. Effective against bacteria including MRSA and viruses including Hepatitis B, HIV, and Coronavirus. Approved to EN1276, EN13697, EN1650, EN14476. Not recommended for fogging.  
5L dilution - 1:50 (2%) for standard application  
1:16 (6%) for heavy soil and virus contamination.  
1L spray - ready to use (6%).

### B125 CLENSAN® – 5L & 1L

Multi-surface biocidal sanitiser for carpets, upholstery, floors and hard surfaces. Effective against bacteria and viruses including Norovirus and enveloped viruses. Approved to EN1276, EN13697, EN13727, EN14476, EN1650. Not recommended for fogging.  
5L – dilution 1:20 (5%).  
Norovirus 160ml per litre (16%)  
1L spray – ready to use (5%).

**BIOCIDES** Use biocides safely. Always read the label and product information before use.

### CR2 – “TOUCH-FREE” MULTI-SURFACE CLEANING SYSTEM

The new CR2 multi-surface cleaning machine combines a pressure washer with a powerful vacuum system for “Touch-Free” cleaning that effectively deep cleans public facilities. Where traditional methods of cleaning like mopping are ineffective, the CR2 breaks loose dirt and grime from porous surfaces and hard to reach areas so it can be effectively removed with the squeegee and vacuum system. Suitable for use with Microsan and Clensan.

The CR2 comes equipped with a powerful 500 psi pump with built-in auto-chemical feed system for cleaning and pressure washing, a 3-stage vacuum system for quick and effective water and soil recovery, and a built-in hose and wand caddy system to easily transport the machine and all the necessary tools to the job site.

For complete versatility, the optional Heat ‘N’ Run system can be used to boost cleaning performance and the optional carpet and upholstery cleaning accessories can be utilised with the CR2 to make the machine a true multi-surface restoration system.
