

E848 INK SOLV

LABEL INSTRUCTIONS

Product Description & Directions for Use:

A water-based micro-emulsion spotter for ink, marker pen, nail polish, PVA adhesive and other water and solvent soluble stains on carpets, fabrics and hard surfaces.

For professional and industrial use only.

Always refer to Safety Data Sheet before use.

Ink Solv is ready-to-use.

Always pretest carpet, fabric or surface to be treated in an inconspicuous area before proceeding.

Use only on small spots at or near the pile or fabric surface.

Apply Ink Solv directly to spot. **DO NOT OVER-APPLY.**

Allow 1 to 2 minutes contact time, then scrape any softened residues with a blunt knife or blot spots gently with white towel or tissue. **DO NOT RUB.**

Repeat application if required, working from outside to centre of large spots.

For best results rinse extract with water to remove all residues and prevent ring marks.

Note: Some spots & stains may be permanent.
